<p>1. We have recently had occasion to discuss the training arrangements outlined in the reference with members of the Salzburg Base. It was the consensus of opinion that in these cases where only a week is available for both refresher training and field exercise, the entire operation should be carried out in the Munich area. This would accord with the preferences of the agents concerned, particularly GRICE and GRGIVING and GRIMPASTE as well.</p> <p>2. The day or so lost in transportation between Frankfurt and Munich, we believe, outweighs the advantages of the Frankfurt safehouse. For agents as competent as those mentioned above, temporary quarters in Munich or its environs would suffice for refresher training which in this case would be largely preparation for the field exercise. Providing a secure location could be found in Munich, the EUCA training officer could bring the necessary equipment and materials with him or they could be supplied via MOB. Since he has to make a trip to Munich anyway, there would be no loss of time involved.</p> <p>3. We understand [] will be in Frankfurt during the week of 25 March to discuss this matter with you.</p>
